Your six blade knife can do anything for you

Anything you want it to

One blade for breaking my heart

One blade for tearing me apart

Your six blade knife - do anything for you

You can take away my mind like you take away the top  
of a tin

When you come up from behind and lay it down cold on  
my skin

Took a stone from my soul when I was lame

Just so you could make me tame

You take away my mind like you take away the top of a  
tin

I'd like to be free of it now - I don't want it no more

I'd like to be free of it now - you know I don't want it no  
more

Everybody got a knife it can be just what you want it to  
be

A needle a wife something that you just can't see

You know it keeps you strong

Yes and it'll do me wrong

Your six blade knife - do anything for you
