

Strange "We Dont Care"

Visit "[We Dont Care](#)" on MotoLyrics.com

We dont care what others say
We go our own way
We stay proud, we stay rude
On every foot one black boot

You see us everywhere
with coloured prickly hair

We sit around and drinking beer
Punk and grunge is what we hear
We hate Nazis and police
When we want we will leave

You see us everywhere
with coloured prickly hair

When we will we will fight
When we win we are bright
We love partys and music
The next morning we feel sick

You see us everywhere
with coloured prickly hair
