You've got that something
You've got that something

Look at me here I am
I'm givin' all of my lovin' every day of my life to you
All you see can be yours
If you show me you want me just one little hint will do

And I know,
I give too much and there is much that I sacrifice
But I've got all the reasons
when I look into your eyes
I know I love you even though I shouldn't and you
should know
I've tried to stop but

You've got that somethin'
somethin' i can't describe
Gives me that feelin'
Gives me that freaky vibe
You've got that something that makes me feel so fine
Makes it worth waiting until the day that you will be
mine, all mine

You decide take your time
I just want you to know that I'll always be here for you
My friends keep tellin' me:
you've gotta let go!
They say I'm too good for you and maybe that is true

But I just keep on lovin' you the way I did before
And you should know I've tried to stop but

you've got that something
something i can't describe
gives me that feelin'
gives me that freaky vibe
You've got that something that makes me feel so fine
Makes it worth waiting until the day that you will be
mine

you got that something
something so hard to find
and it keeps bugging me
that I can't get you out of my mind

you give that feeling baby
that freedom baby
that freaky freaky feeling baby
so lets do it again
cuz you got that something
something ic an't describe
gives me that feeling
gives me that frwkaky vibe
You've got that something that makes me feel so fine
Makes it worth waiting until the day that you will be
mine
