Everybody is hurting, everybody knows it.
are you trying to stop it, everyone's watching,
what are you gonna do.
Are you trying to stop it, everyone's watching.
everyone is conversing, everyone's listening.

They were apart, her was apart,
and she was part of it.
Oh, falling apart, is anyone watching,
is anyone listening, are we listneing.

And all I have is all of me,
and it's all that I can give.
Our disappointed hearts will heal,
our hearts will spill over you,
over you over me, over this

Oh, they never knew,
they never knew what you're going through.
Because you got everybody thinking
there's nothing wrong with you.
And you fall apart, because you felt apart,
and they were part of it. Oh falling apart,
is anyone watching,
is anyone listening, are you listening.

And all I have is all of me,
and it's all that I can give.
Our disappointed hearts will heal,
our hearts will spill over you,
over you over me, over this

On dark and stormy days somewhere it's glowing.
And even though I know I'm here,
I knowing I'm going,
you never stop, you just collide,
collapse onto your side.
So rise and make it right.

And all I have is all of me,
and it's all that I can give.

Our disappointed hearts will heal,
our hearts will spill over you,
over you over me, over this
