Dance until we just can't
Clapping our hands to the songs
And get dancing around to the
Joyful sound that the band plays
As his smiling face just shines away
It's movin' through town as big as a train

April, May, June and July
We'll hang outside
August and February all the time
Talking our way through March
Hanging out always till this starts
Over and over again
You promise that it won't end
So I will try to find
A rhyme to thank you again

How I, I am not into
The idea of living without you
And I, I am not into
The idea of being without you
No, but this won't be a sad song
There's gonna be claps and singing along
'Cause sad songs about now
Well, that would just feel wrong

Beautiful colors that came from you
So this one goes out to
The reds and yellows and blues
And of course I can't forget
All the beautiful colors
On the day that we first met
So I will never know
The right way to say thanks
For all the nights and days
You spent hanging out
That's what this is about

How I, I am not into
The idea of living without you
And I, I am not into

The idea of being without you
No, but this won't be a sad song
There's gonna be claps and singing along
'Cause you're there when to talk
And you're there not to stop
And you're with me

Around the clock
You are! You are!
Around the clock
Yes you are!
Around the clock

And just so y'all know
Everyone else is not

So I, I am not into
The idea of living without you
And I, I am not into that idea ...
No, but this won't be a sad song
There's gonna be claps and singing along
'Cause you're there when to talk
And you're there not to stop
And you're with me around the clock

And I, I am not into
The idea of living without you
And I, I am not into
The idea of being without you
No, but this won't be a sad song
There's gonna be claps and singing along
'Cause you're there when to talk
And you're there not to stop
And you're with me

Around the clock
(I am not into the idea of living without you)
All around the clock
(I am not into the idea of being without you)
Ye-e-e-e-ah
(But no, this won't be a sad song)
Ye-e-e-e-ah
(There's gonna be claps and singing along)
O-o-oh
('Cause you're there when to talk)
O-oh yeah
(And you're there not to stop and you're with me)
