you've got everybody talking
you've got everybody going
and you've got everybody acting crazy
I'm not gonna say you don't
you got everybody listening
and you got everybody putting on a show
you got everybody acting crazy
I'm not gonna say you don't
and you got it all wrong

CHORUS

your so scene listening
you can feel that you won't sing anything
you know you need just take it
just take this seriously
cause seriously this high life scenery
it makes me crazy

hey(hey)what'do you say?
I need some help,help me out
Boys(boys)I'm not feeling so good
Girls(girls)I got the feel that your feeling something
that you say is more than you
everybody in here's got it going on
I can't compete with that
I'll take off all of my clothes to the thrift store
and take it off take it all back

your so scene listening
you can feel that you won't sing anything
you know you need just take it
just take this seriously
cause seriously this high life scenery
it's making me crazy

hey(hey)look what'do you say?
take a look take a look
you looking at me
singing,thinking i'm about to scream(scr-eam)

your so scene listening

you can feel that you won't sing anything
you know you need just take it
just take this seriously
cause seriously this high life scenery
it's making me crazy

your so scene listening
you can feel that you won't sing anything
you know you need just take it
just take this seriously
cause seriously this high life scenery
it makes me crazy
