"Let You Go"

I didn't know
Somebody surprised me, alarmed, alarmed
Somebody has made it this far, this far

I don't wanna let you go [x2]
You know it's so, it's so hard
I don't wanna let you go [x2]
(Somebody has waited, too far)

And if somebody tells you
You're not enough
If somebody tells you
You're not good enough
If somebody tells you this,
It isn't just
Yes, I'm burning up
And I'm calling all the bluffs

I don't wanna let you go
But the weather changes like your mind
And I don't wanna give you up
But I just might this time
Hope the new grass you seek
Is greener than the greenest green
And if it's not, or if it is
I just hope you'll be
At peace, at least

So go ahead
Compare the petty issues
To all the awesome days
Somebody is waiting
Too long to stay awake

There is a beautiful ending
But you're never gonna read the book
I know you won't [x2]
There's a magical ending
But you're never gonna read the book
I know you won't [x2]

Walk away
I know it hurts
Don't be afraid
And know your worth
Just walk away
I know it hurts
