Hey what you got you don't know  
Anything that I'm gonna say right now  
Cuz I'm not so sure why I'm here and why I wanna  
Keep on hanging 'round right now  
Not that I do it now or any day  
Sometimes I just get burned out  
About lots of things and well just doubt

So tell me something good you got it and  
Why am I so misunderstood cuz I wanna know this  
Cuz I'm confused and do I break into two  
So tell me how about you

Hey what you got something bad and I want it  
Even though I know its wrong  
But I won't be blessed cuz I know this so I can't have  
that  
So like good Job I gotta be strong  
Man I don't wanna be able to breathe  
Be able to see what's become  
of the wars of this world  
and the wars from my tongue

So tell me something good you got it and  
Why am I so misunderstood cuz I wanna know this  
Cuz I'm confused and I bruise yes I do so tell me how  
about you  
So tell me something good you got it and  
Why am I so misunderstood cuz I wanna know this  
Come on baby and race me and maybe we can find  
ourselves

I wanna be I wanna be like that mountain  
I wanna stand taller and bigger than rest  
See I just wanna be it a guy who wins all the time  
I wanna be a big star a king and rule my own life  
And God I know that it's wrong  
So please just make my heart right  
Inside and destroy my pride

So you can tell me something good you got it and

Why I am so misunderstood cuz I wanna know this  
Cuz I'm confused and I bruise yes I do so tell how about  
you  
So please just tell me something good you got it and  
Why am I so misunderstood cuz I wanna know this  
Come on baby and race me and maybe we'll just find  
ourselves

Hey what you got something bad and I want it  
Even though I know its wrong
