Don't try to hide
The mistakes I made this time
But please try and listen
Cuz I'm breaking My heart tonight
So you can see whats inside

Cause wherever you go
Well thats where I'll go
I'd do so much, I'll show
But you wont know
So here's a song to show
For the things I've blown
But I'm sorry, so...
That's the only way that I know

And all I've learned is
What we hate, we make
What we hate, we make
There's no time for hating
But what we hate, we make.

Something's about to change
Cause I can feel it in my heart today
And you know it's not the first time
But I bet it won't be the same
Cuz right now, I'm at an all time low
So here's a song to see you won't go
Cuz that's the only thing, that I know

And I will start with a verse
Then a bridge, write a chorus
So we can all sing along
With everything we got
Between you and me
This song would be
Written for us, but
I know that's not enough
To say I'm sorry

(What we hate, we make)
(What we hate, we make)

(There's no time for hating)
(But what we hate, we make)

(What we hate, we make)
(What we hate, we make)
(There's no time for hating)
(But what we hate, we make)
(What we hate, we make)
(What we hate, we make)
(There's no time for hating)

But what we hate, we make
You will know
What you will be
And yeah, you will know
What you mean to me
Yeah you will know
That truthfully
I am... sorry
