Annabelle you think you're so damn special,
But there's a million other girls like you
Thirty minutes and you're saying we're official,
But I have got some news for you

I need a girl, not a body with a complex
I got a heart and you've got your lipstick
Fine as hell, but I think I might as well drop Annabelle

You're staying up just to dance alone
I'm dressing down 'cause I'm tired and I want to go
home
You look the part, but looks don't tell the truth
Well baby you're pretty, but I'm pretty sure I'm over you

You can't even hold a normal conversation,
But you can tell your friends I ruin your life
Whatever helps your perfect reputation,
'Cause I'm not losing sleep tonight

I met a girl and she's more than a pretty face
Six drinks and she still remembers my name
Fine as hell, but I think I might as well drop Annabelle

You're staying up just to dance alone
I'm dressing down 'cause I'm tired and I want to go
home
You look the part, but looks don't tell the truth
Well baby you're pretty, but I'm pretty sure I'm over you

Turn around, turn around and walk away
I want out, I can't take another day
Even though she moves so well
I don't need a girl like Annabelle

You're staying up just to dance alone
I'm dressing down 'cause I'm tired and I want to go
home
You look the part, but looks don't tell the truth
Well baby you're pretty, but I'm pretty sure I'm over you

You're staying up just to dance alone
I'm dressing down 'cause I'm tired and I want to go
home
You look the part, but looks don't tell the truth
Well baby you're pretty but I'm pretty sure I'm over you

And maybe she's pretty but I don't need a girl like
Annabelle
