I'll leave you behind  
It's not the first time  
We've been through this  
It happens every time  
You hear the sound of my name at the top of their  
lungs  
And this dumb game you play isn't fooling anyone  
and now i wanna know,  
are you catching my drift yet?  
oh,are you catching my drift yet?  
you seem to be good at taking control  
are you catching my drift yet?

Now that we have said goodbye  
don't try and fix it up again  
It's my fault that you can't stand a thing i do?  
and don't lie cause we know you want too  
now i can't seem to comprehend  
how the things your saying is not what you meant at all  
because last time i checked  
these so called "friends"  
were your "friends till the very end"

And now I know, that i have made big plans,  
and i have said big things that i have pulled out of my  
head  
that these sins are kept a lot,  
and have been kept it all  
now a handful is all thats left

can you just look at how things were, and how they are  
now, and please tell me that i am right

just tell me why its so hard for you to be wrong for once  
in your life

Now that we have said goodbye  
don't try and fix it up again  
It's my fault that you can't stand a thing i do?  
and don't lie cause we know you want too  
now i can't seem to comprehend

how the things your saying is not what you meant at all  
because last time i checked  
these so called "friends"  
were your "friends till the very end"  
(x3)

oh, are you catching my drift yet?
