He takes a breath
And she wants to live
And he can't wait to
Show her things
That she's never seen before
The weather is cold still
She's still wrapped up
In things that can keep her warm
Unlike him he's the one that
Heat up the winter's air
To keep her close

Chorus:
Away Away
They'll get away
And keep on retaking the photographs
They will never change
The way we kiss goodbye
The way we hold our hands
The way we walk alone
The way we have no plans
This is something that
I'd like to forget

These numbers repeat themselves
These phone calls have no destination
Dialing just anything to hear our voice tonight
Desperate for your attention
I'm all ears and I hear nothing again

Now the phone call is over
And I'm still wrapped up in
Things I have said before

Chorus

Away Away
4x
