My eyes are no good, blind without her
The way she moves, I never doubt her
When she talks, she somehow creeps into my dreams

She's a doll, a catch, a winner,
I'm in love and no beginner
Could never grasp or understand just what she means

Baby, baby blue eyes, stay with me, by my side
'Til the morning through the night, oh baby stand here,
holding my sides
Close your baby blue eyes, every moment feels right
And I may feel like a fool, but I'm the only one dancing
with you

I drive her home when she can't stand, I'd like to think
I'm a better man
For not letting her do what she's been known to do
She wears heels and she always falls, I let her think
she's a know-it-all
But whatever she does wrong, it seems so right

My eyes don't believe her, but my heart swears by her

Baby, baby blue eyes, stay with me by my side
'Til the morning through the night, oh baby stand here,
holding my sides
Close your baby blue eyes, every moment feels right
And I may feel like a fool, but I'm the only one dancing
with you

I swear I've been there, I swear I've done that
I'll do whatever it takes just to see those

Baby, baby blue eyes, stay with me by my side
'Til the morning through the night, oh baby stand here,
holding my sides
Close your baby blue eyes, every moment feels right
And I may feel like a fool, but I'm the only one dancing
with those

Baby, baby blue eyes, stay with me by my side
'Til the morning through the night, well baby stand
here, holding my sides
While closing your eyes, every moment feels right

My eyes are no good, blind without her
The way she moves, I never doubt her
When she talks, she somehow creeps into my dreams
