Case closed, I'm not here anymore.
I'm not, not scared anymore.
The way you walked away, I can tell you were afraid,
To do the things you had to do, even though I meant so
much to you.
But darling, where you going its so cold outside
I know that I can't be concerned, but you're still in my
life.
But you're still in my life.

When I am miles away, will you still check on me?
Tell me things will be alright.
Just tell me we will be together someday.
ilts the endless dreams I have.
I'll be your sunset if you'll be my silhouette.
If you'll be my silhouette.

Just take my hand and we'll never let go because
if we're together now we'll be together then.
Step back and see me walk away, then watch me run
right back
I'll show you how to love again, this is the best idea i've
had.
This is the best idea i've had.

When I am miles away, will you still check on me?
Tell me things will be alright.
Just tell me we will be together someday
Its the endless dreams I have
I'll be your sunset if you'll be my silhouette.
you'll be my silhouette.

I'll be your sunset, If you'll be my silhouette x6
