

Rocket To The Moon, A "Just Another One"

Visit "[Just Another One](#)" on MotoLyrics.com

She started dancing at the second that she heard the
music play
(She's always moving)
She looks at me but then I look back at her, she turns
away
(She knows exactly what she's doing)

She moves closer and I'm thinking to myself that she's
all mine
(She's all mine)
We start talking and she takes my hand like she does
this all the time

Go, go, go, you never had the time because you move
too slow
And I know, know, know that she could care less about
love
It's just for fun, I'm just another one

I'm just a notch in her belt, it's laying on the floor I know
her so well
Call me crazy but I'm thinking to myself that I can't do
this anymore
And she knows how to bring me down
And she knows how to bring me down

And she's low, low, low, she always keeps me waiting
'Cause she's so shallow, and oh, oh, oh
The only thing she ever said, besides I think we're
done,
I'm just another one

'Cause she can't ever fall in love
'Cause this is who she is, and this is all she knows

Go, go, go, you never had the time because you move
too slow
I know, know, know that she could care less about love
It's just for fun, I'm just another one
I'm just another one

And I could care less about her, she's just another one
