She keeps me up after late phone calls
Dreaming of her arms around me
Well I think she's beautiful,Â
She thinks i'm going blind

Well I could spend my life trying to write these songs
And I could spend my time trying to write my wrongs
Oh she's worth it, she says that I'm the one

And no one can love you like I can, honey
We gotta make this work
'Cause when I get to running, you get to thinking thatÂ
One of us is gonna get hurt

We could walk around this town like we own the world
But everybody bows at your feet,Â
Well they think you're crazy, girl
Crazy for a guy like me

When I'm gone, you're the only one I want
When I'm here, you're the only one I need

'Cause no one can love you like I can, honey
We gotta make this work
'Cause when I get to running, you get to thinking thatÂ
One of us is gonna get hurt

You're right girl, but I dont know what's wrong with me
'Cause you need somebody and I need some growing
up
You're the one who's gonna get hurt

And no one can love you like I can, honey
We gotta make this work
'Cause when I get to running, you get to thinking thatÂ
One of us is gonna get, you're gonna get hurt

You're right girl, well I dont know what's wrong with me
But you need somebody and I need some growing up
You're the one that said "I need somebody,
And you need some growingÂ up so no one will ever

get hurt"
