All my friends are coming over, and I hope nobody told
her
She has a way of turning sunshine into rain
I've got on that shirt she hates, I just know that face
she'll make
Even though it hurts, she's my favourite pain

She never drives her car, she drives me crazy
She ran out of gas, and somehow I'm to blame

I'll take her out, and drop her off on the outskirts of our
town
I'll leave a trail of roses that lead back home
She'll pick a fight for no good reason, she knows I'll
never leave
I love her half to death, but she's killing me

All my friends, they say they like her, but I know behind
my back,
They all think the same things that I do
She spends her daddy's credit card and says that I'm
the one who's lazy
She's like a dream and a nightmare coming true

I'll take her out, and drop her off on the outskirts of our
town
I'll leave a trail of roses that lead back home
She'll pick a fight for no good reason, she knows I'll
never leave
I love her half to death, but she's killing me

And I wouldn't have it any other way
She could change her clothes, she could change her
hair
But she'll always be the same

So I went out and bought her roses
She complained about the thorns, I caught her smiling
And that's what I do it for

I'll take her out, and drop her off on the outskirts of our

town
I'll leave a trail of roses that lead back home
She'll pick a fight for no good reason, she knows I'll
never leave
I love her half to death, oh yeah I love her half to death

I'll take her out, and drop her off on the outskirts of our
town
I'll leave a trail of roses that lead back home
She'll pick a fight for no good reason, she knows I'll
never leave
I love her half to death, but she's killing me

She's killing me
