

Rocket To The Moon, A "Sometimes"

You're standing all alone, short of breath and tired
eyes
You're shaken to the bone, overdressed and nowhere
else to go
Well, girl I need to know

Let's get you from the cold, I'll help you with your
overcoat
I'll never let you go, I need you more than I could ever
show you
Tell me now, because I need to know

Everybody needs somebody sometimes
Everybody needs somebody on their mind
So tell me what you want girl, I'll be there to hold you
'Cause everybody needs somebody, sometimes

Who are you, I never heard so many lies
So tell the truth, the only thing I ever wanted for you
Was to show you, I know you

So now you see, I finally found a part of me that you
don't need
But needing isn't everything, when you want love
And you want us, you need me

Everybody needs somebody sometimes
Everybody needs somebody on their mind
So tell me what you want girl, I'll be there to hold you
'Cause everybody needs somebody, sometimes

So now you see, I finally found a part of me that you
don't need
But needing isn't everything, you want love
You want us, you need me

Everybody needs somebody sometimes
Everybody needs somebody on their mind
So tell me what you want girl, I'll be there to hold you
'Cause everybody needs somebody, sometimes

Everybody needs somebody sometimes
Everybody needs somebody on their mind
So tell me what you want girl, I'll be there to hold you
'Cause everybody needs somebody, sometimes
