When you called me on the line
When I heard you say
I still remember that
Memorable simple phrase
You said that night
It's work to find you
Plain and simple
A genuine virtue
It's not that you got that night
It's the sparkle in your eyes
A song about you
Sweet memories of you
And when you hear this
Will it make you turn around
I know you feel I'm running through
And spinning around you
And when i hear this
Will it make me turn around
I know i felt it running through
And spinning around us
The second time around
This song's not supposed to be sad
It's just that i'm missing you
Along with every last taste
From your glass
Sense that i knew there's something missing
This song about you
It's not what you got that night
It's the sparkle in your eyes
A song about you
Sweet memories of you
And when you hear this
Will it make you turn around
I know you feel it running through
And spinning around you
And when i hear this
Will it make me turn around
I know i feel it running through
And spinning around us (2x)
I'll do anything
I'll give everything

A song of integrity
Share me with you (2x)
