(Oooh, Oooh, Oooh, Oooh)

I feel suspended, lifeless,
Going through the motions.
You're inside, outside,
Waiting for the cause.

Desperate measures,
But it don't measure nothing.
All the baggage left inside,
And nowhere left to fall.

All your spaces,
Darkened places.
Come out from,
It all.

Let it shine on,
Even when the day is done and all the light is gone.
Let it shine on,
You're running high but dark inside,
What little light is left you let shine on.

Talking senseless,
Screaming from the benches.
Looking forward,
Not to fall behind.

Look through lenses,
Nothing ever cleanses.
Your rained out visions,
From a cloudy mind.

All your spaces,
Darkened places.
Come out from,
It all.

Let it shine on,
Even when the day is done and all the light is gone.
Let it shine on,

You're running high but dark inside,
What little light is left you let shine on.

I don't ever want to fade away,
A burned out record that I can't play.
Don't let me make the same mistakes,
That you have made before.

Nothing changes,
Can't you face it,
After all?

Let it shine on,
Even when the day is done and all the light is gone.
Let it shine on,
You're running high but dark inside,
What little light is left you let shine on.

Let it shine on,
Let it shine on,
Let it shine on,
You're running high but dark inside,
What little light is left you let shine on.
