(Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah)

I'd like to say for the record that I like how you walk,
And how all the other girls shut their mouths when you talk.
Your body's so black and our mind is too,
I want to make a good connection when I plug into you.

So come on and leave the lights on if that's your thing,
It's better for the cameras if you know what I mean.
So come on and leave the lights on if you want to see it all,
'Cause everything else in the room is gonna be off.

(Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah)

I want to feel like a kingdom when I come into you,
I want to kneel at the alter your body dances to.
I need to speak three languages all just to prove,
That I am all enveloped babe,
I love the way that you move.

So come on and leave the lights on if that's your thing,
It's better for the cameras if you know what I mean.
So come on and leave the lights on if you want to see it all,
'Cause everything else in the room is gonna be off.

(Yeah, yeah, yeah, yeah)

I want a dirty little girl with the wife beater on,
With the straps fallin' off of her shoulders.

So come on and leave the lights on if that's your thing,
It's better for the cameras if you know what I mean.
So come on and leave the lights on if you want to see it all,
'Cause everything else in the room is gonna be off.

So come on and leave the lights on if that's your thing,
It's better for the cameras if you know what I mean.
So come on and leave the lights on if you want to see it
all,
'Cause everything else in the room is gonna be off.
