(Woah, woah, woah, woah)  
(Woah, woah, woah, woah)  
(Forget, forget, forget, forget)  
(Forget, forget, forget, forget)

We got to call the doctor,  
I'm as sick as can be.  
Put my finger in the socket,  
Shocked the hell out of me.

Got me dizzy from the drama,  
That is filling the air.  
I'm turning into nothing,  
I really don't care.

When the lights are going out,  
It's all I can take.  
There's just something in the sound,  
Of an empty space.

(Woah, woah, woah, woah)  
(Woah, woah, woah, woah)

Feeling, watching, saying something,  
Creeping, touching, give me.  
Nothing.

When the lights are going out,  
It's all I can take.  
There's just something in the sound,  
Of an empty space.

When the lights are going out,  
It's all I can take.  
There's just something in the sound,  
Of an empty space.

When the lights are going out,  
It's all I can take.  
There's just something in the sound,  
Of this empty space.
