### "Social Disgrace"

Every day is another excuse for me to figure it out,  
I'm a social disgrace.  
Not in this town, can I just be some precious thing?  
It's gotta go down like I just won the race.

Oh this will hurt,  
When you see the dark inside.  
We disconnect with no regrets just living lies.  
This city will burn,  
I won't look back this time  
I won't look back, I won't look back  
Oh it still hurts.

Follow my head through a chain of events,  
Where I'm a fly on the wall in a circus of freaks.  
This place is so devil being lit up like matches,  
And I can't blow it out and it torturing me.

Oh this will hurt,  
When you see the dark inside.  
We disconnect with no regrets just living lies.  
This city will burn,  
I won't look back this time  
I won't look back, I won't look back  
Oh it still hurts. (Still hurts, still hurts, hurts)

(Oh, Oh, Oh, Oh, Oh, Oh, Oh, Oh, Oh)

Oh this will hurt,  
When you see the dark inside.  
We disconnect with no regrets just living lies.  
This city will burn,  
I won't look back this time  
I won't look back, I won't look back.

Oh this will hurt,  
When you see the dark inside.  
We disconnect with no regrets just living lies.  
This city will burn,  
I won't look back this time  
I won't look back, I won't look back

Oh it still hurts.
