When I pull up people so fresh in my ride
We smoke the best you can buy
Them niggas talking it but they just don't go harder
than us
Keep stunting just cause I can
These hoes know just who I am
Them niggas talking it but they just don't go harder
than us

This one's for the g's all black chucks on the cuffs of my
jeans
King size pimp stuffed full of trees, I be with the boss
dog yall fuck niggas fleas
Now they say I'm hot hundred something degrees
taking pictures with a young nigga cheese
Remember days homey, I ain't have a thing
Now I'm hoping off the plane putting roaches on the
wing
And my hoes like queens, but we smoke like kings
Jewelry froze like fling, money come fast yours slow
like lean
Rolling up grass, sold weed ta half the stash, so I know
I'm gonna fast
third period Showing up last wit a late note blowin grey
smoke

When I pull up people so fresh in my ride
We smoke the best you can buy
Them niggas talking it but they just don't go harder
than us
Keep stunting just cause I can
These hoes know just who I am
Them niggas talking it but they just don't go harder
than us

We blow to the middle of the day
We put the middle of the jay
Hey, why not? Not why?
We fly, we ride, she high, he high, we high
Fuck it, everybody to the library
Stuck in the hallway, he just smoke all day

It's a mind gameâ€¦ keep migrenes
â€¦ I'm so lifted, like a parachuteâ€¦
Slip away, dip away, almost had to throw a zip away
But fuck that, this the taylor gang, what you want dog
Shit I'm on everythang

When I pull up people so fresh in my ride
We smoke the best you can buy
Them niggas talking it but they just don't go harder
than us
Keep stunting just cause I can
These hoes know just who I am
Them niggas talking it but they just don't go harder
than us

you niggas never had and you never will
you niggas never had and you never will
I said you niggas never had and you never will
â€¦you niggers still in high-school, elementary ass
niggasâ€¦

When I pull up people so fresh in my ride
We smoke the best you can buy
Them niggas talking it but they just don't go harder
than us
Keep stunting just cause I can
These hoes know just who I am
Them niggas talking it but they just don't go harder
than us.
