i'm placing above my.. don't even got much paper
..how to get this money against the things that i know
i'm blowing that thing for the though

i go anywhere in the world and just making my home
stand at the house level but i ain't making the ..
now that my money bright and s*ckers keep thinking

if you ain't talking money that you can't get a car
..the life you can't live it all
while i drive i ain't thinking to y'all
