I wake up early in the morning to a fat blunt, a phone
full of miss calls my shit back'd up,
A flight to catch my shit pack'd up, them superstars u

The 12s n the trunk hit like a mac truck, I see your bitch
it's a wrap like a packd lunch,
My diamonds shining, they motivating, I see u smiling,

Ain't comfortable unless I got alot of money near, I'm in
exclusive shit u got alot of funny gear,
Flat screen tv no glare in em, an all my rooms got king
size beds n em, I'm not jus talkin,
That's all it seem an, my lives a movie
I must b dreaming, yea I must b dreaming,
Yea cus
I got the cars got the clothes got the money n the hoes
and the way I see that ain't gon change,
I must b dreaming, yea I must b dreaming,
Yea cus
I got the cars got the clothes got the money n the hoes
and the way I see that ain't gon change,
I must b

Don't live the life of a star it's hard to understand,

They see me smiling, they no my chain, plus they no I

and the way I see that ain't gon change,
I must b
