With the hunger of a Chris Wallace back in '94
I like to welcome y'all to rock with PG's young ball
From the bottom of the pot, yea i'm the Pitts of the
Burgh
With the kids on the curb, and small time, is pitching
the herb
I'm back, and those who didn't previously know what
i'm crack
To the people, i'm legalized the lethal
We all got problems involving the rude of evil
But they caught me non-dodging, long arming the
people, yup!
And for the record, I ain't no half stepper
I rose from the city of steel, the streets greedy for real

Cats chasing their paper, thats basic
Mathematics, hate to run the streets but took a staff at
it
As I look back at hard it seems
I remember when this music thing was all but a dream
But i'm here for my city
And can't name no one that's near fucking with me
I'm 'bout to make history
