I'm ridin in a caddy  
stuntin like my daddy  
rollin up my girlfriend  
her first name mary  
last name jane  
look at these chains

Afro, nappy boy, call me T-Pain  
bitches hear my phone  
but see im probaly on a plane  
got my eyes low  
like im lou kane  
niggas want that flame  
so i supply it  
its perfect here

im hating, some of those southern niggas try it but its  
worthless  
im buried wide g, some you guy on the surface

niggas want that green  
but i be where the purp is  
where you man bitch?  
he forgot where his skirt is

heard my album droppin  
now you gettin nervous  
see i be goin hard  
this is what i do  
i roll another one, tell that bitch to get a clue  
its hard for me to name all those places where i flew  
i get it all by  
reppin taylor gang  
and stayin tru
