[Intro]

You be anything you want

Uhh

Just keep going, going, gone, gone, gone

Uhh

It don't stop here nigga

Yeaah

Uhh

[Verse 1: Wiz Khalifa]

Back when I was young I had dreams of getting richer  
Then my homie Breeze set me down schooled me to  
the picture

I was with some wild niggas put me on the game  
Told me if you tryin' to make your move you gotta know  
your lane homie

All you got your name and your words will never break  
For this life you pay a price you get a chance you gotta  
take it

Cause most niggas never make it they stranded where  
I'm from

Ain't no conversation all they understand is get a gun  
I was riding in my Bona Ville hoping I could make it  
Out selling peas and smoking weed avoiding police  
right up the street

Way back in the day before I had all of this paper  
Before I had all of these diamonds , before I had all of  
these haters

[Bridge: Wiz Khalifa]

Now I remember when , I seen it and to me it was  
stuntin'

I remember when , I bought it I ain't needed or nothing  
Always in a different state so now they label me a  
goner

I ain't come up out of nowhere I'm from straight up off  
the corner

Now everywhere we go, they probably know my name  
cause I been there

Now everywhere we go, they said how much I spend  
when I'm in there

And I'm throwing up my money for the ones who never

made it  
Say I fucked the ones who hate it rolling up and  
celebrate

[Hook: Wiz Khalifa]  
Now let's get medicated  
Man , let's get medicated  
Let's get medicated  
Man I'm hella faded  
Man , let's get medicated  
Let's get medicated  
Let's get medicated  
Man I'm hella faded  
I'm hella faded

[Verse 2: Juicy J]  
Rolling weed up and smoke it  
Take your bitch home and poke it  
Juicy begin so faded  
Thank God I got a chauffeur  
Only good cali bud  
Pulling hoes bad as fuck  
Just like a youngling my nigga  
Juicy do all them drugs  
Niggas smoking that beverage weed  
I be on that light green  
Pop molly in the after hours  
A member of no sleep team  
Get a whole pound smoke it by myself  
Or maybe after Olympics with my homie Michael Phelps

[Verse 3: Chevy Woods]  
You know I'm fresh up out that corner, pussy marijuana  
They copy us, they clone us  
Yeah we so fly we on us  
Got acting like they been before  
But they ain't never been at all  
8 balls I was in no hole  
Ain't have time to fuck with y'all  
Champagne when we celebrate  
Keen sense so I smell the hate  
Middle finger we getting paid  
It cost much but don't press that eight  
That dotted line it ain't like that day  
Comic book let em ill it straight  
Like power bang when they lift that cane  
My cousin died wish I can get that day  
Back like it's a vertebre  
Bring that nigga on front street  
Talk about and never be about it  
They don't wanna beef cause that's lunch me

So anything you need you know that's on me  
And that's OG, I swear homie

[Hook: Wiz Khalifa]  
Now let's get medicated  
Man , let's get medicated  
Let's get medicated  
Man I'm hella faded  
Man , let's get medicated  
Let's get medicated  
Let's get medicated  
Man I'm hella faded  
I'm hella faded

[Verse 4: Wiz Khalifa]  
Riding down the street the way I'm grinding is unique  
My city holding on to me so niggers holding on their  
heat  
Throwing up their side rolling up that leaf  
Ondoers get high all we want is peace  
Always on the grind that's every day so police looking  
I'm just rapping killing beats tryin' to stay away from  
booking  
Yeah my nigga dirty crocked I just had to make it on  
And let me hit the studio to show they happy to be  
home

[Bridge: Wiz Khalifa]  
Now I remember when , I seen it and to me it was  
stuntin'  
I remember when , I bought it I ain't needed or nothing  
Always in a different state so now they label me a  
goner  
I ain't come up out of nowhere I'm from straight up off  
the corner  
Now everywhere we go, they probably know my name  
cause I been there  
Now everywhere we go, they said how much I spend  
when I'm in there  
And I'm throwing up my money for the ones who never  
made it  
Say I fucked the ones who hate it rolling up and  
celebrate

[Hook: Wiz Khalifa]  
Now let's get medicated  
Man , let's get medicated  
Let's get medicated  
Man I'm hella faded  
Man , let's get medicated  
Let's get medicated

Let's get medicated  
Man I'm hella faded  
I'm hella faded
