I smell your fear when I opened your mind
Come to my chamber of pain.

Your soul and your heart are broken and burned
Your soul wants to flee from this endless pain.

[Bridge:]

Now your life will change, look to my innocent eyes.
This truth you now' ll see, brings you much more pain,
You have ever felt before.

[Refrain:]

I am your agony
I am your pain
I am your destiny
I am your messenger of death.

Deep in your heart you know what I've told you
But you don't realise that this is the truth.

I never was and I never will be
This innocent man, you wanna see in me.
