I be over seas, I be in LA  
I be in the South, trappin hard all day  
IÂ'm from Pittsburg but I be in the Bay  
I be in New York, I be MIA  
I be in Chitown word they quick to spread  
I be in Detroit where they gettin paid  
I be overseas, I be in LA  
I be in New York, I be MIA

If you know me, you know IÂ'm bout my bread  
I count a hundred million dollars fore I go to bed  
IÂ'm smoking OG, IÂ'm drinking champagne  
IÂ'm standing on the couch, just throwing up my damn  
game  
IÂ'm out in A town, bout to go to mansion  
My jewelry on so all my dogs is ready for the action  
IÂ'm in my old school, my niggas ridin new  
IÂ'm in the Fountain Bleu like what you tryina do  
I brought the whole thing so thatÂ's what IÂ'ma smoke  
I spent the whole thing, IÂ'm never going broke  
IÂ'm rocking gold chains, IÂ'm drinking til I croak  
Smokin til I choke, my watch need a vault

I be over seas, I be in LA  
I be in the South, trappin hard all day  
IÂ'm from Pittsburg but I be in the Bay  
I be in New York, I be MIA  
I be in Chitown word they quick to spread  
I be in Detroit where they gettin paid  
I be overseas, I be in LA  
I be in New York, I be MIA

On vacation we the rotation  
Doing relaxation, reipy nation  
Chasing bands  
All our chicks look like Sports Illustrated  
I get high as a plane with no final destination  
On that gin, on that Hen and that lean intoxication  
Rocking dollars, rocking gold  
Money tall like my Nuvo  
In a presidential suite, with some playmates centrefold

Niggas out here chasing ass when they should be  
chasing cash  
I be smoking til it's gone, Juicy J don't waste no gas  
With her legs lift up, I thought it was a stick up  
Should've seen them hoes that pick up and start to lift  
up  
Yellow diamonds look like a bumble bee  
They call me the money tree  
All these bands on me, I can throw a jamboree

I be over seas, I be in LA  
I be in the South, trappin hard all day  
I'm from Pittsburg but I be in the Bay  
I be in New York, I be MIA  
I be in Chitown word they quick to spread  
I be in Detroit where they gettin paid  
I be overseas, I be in LA  
I be in New York, I be MIA
