Yeah buddy  
I got a cold and all that shit  
Show ya'll how hard I work  
I really, I really go in, man  
From the heart, it's from the soul  
Hahaha  
We still having fun too though man  
It's gone be a real good year  
You watch  
Haha  
I'm telling you

[Chorus]

They say the game done changed, man there's just  
some new players in it  
And they don't wanna see my team get up there and  
win it  
Try to keep me still, but look where I'm at now  
I made it too far to look back down  
But I ain't never ever gone forget what I been told  
And I ain't never ever going back to being broke  
Cause, F-Y-I  
I stay on my grind {grind}  
Tryna stop my shine,  
That day'll be never, ever

[Verse]

I started out just a fan {Fan} -- Writing like every other  
kid  
Grew up to be the man {Man}  
Paying bills at my mother's crib  
Everyday I'm hustling  
To get us out this situation  
Gotta deal with phony shows, groupie hoes and niggas  
hatin'  
Mostly yall embrace the small percentage of my city  
racist  
Instead of doing good  
They'd rather see me catching cases {Catching cases}  
The fans love me  
But I struggle tryna impress the label -- And all this got  
me feeling like

It's way too much put on the table {Put on the table}  
I'm still smoking outta O's {Outta O}  
Some speculations cuz I'm hardly ever home {Yeah}  
Easy to say 'bout how we supposed to move on  
When we going threw depression and our Brother O's  
gone {Rest in peace}  
Was told you gotta go threw hell to get the big thing  
{Thing}  
And when you feel it can't get worse -- That's when shit  
change  
Obama's president, The Steelers won the 6th {Okay}  
So I aint threw trying -- I feel like I can do anything

[Chorus]

They say the game done changed, man there's just  
some new players in it  
And they don't wanna see my team get up there and  
win it  
Try to keep me still, but look where I'm at now  
I made it too far to look back down  
But I ain't never ever gone forget what I been told  
And I ain't never ever going back to being broke  
Cause, F-Y-I  
I stay on my grind {grind}  
Tryna stop my shine,  
That day'll be never, ever

[Bridge]

Sturdy small town {Town}  
That we major {Major}  
We done made it to the top -- Floor  
From the basement  
We done made it to the top -- Floor  
From the basement  
We done made it to the top -- Floor  
From the basement

[Verse]

Big city, small town {Town}  
That's when you're money's up {Up}  
That's when they all 'round {All 'round}  
But the minute that you slip  
They dip  
And it's no one to depend on when the chips fall down  
{Okay}  
Me, I never cut a corner short  
I follow protocol {Protocol}  
Got my focus on {On}  
Took my notes and all  
This hard work, gone pay off {Yeah}  
The second that I'm rich -- I take the day off {Day off}

[Chorus]

They say the game done changed, man there's just  
some new players in it  
And they don't wanna see my team get up there and  
win it  
Try to keep me still, but look where I'm at now  
I made it too far to look back down  
But I ain't never ever gone forget what I been told  
And I ain't never ever going back to being broke  
Cause, F-Y-I  
I stay on my grind {grind}  
Tryna stop my shine,  
That day'll be never, ever

[Bridge]

If you out there on your grind  
Put your hand up in the sky -- Say "We grindin'" {We  
Grindin'} {Uh huh}  
{Ay} If you got it and you tryna get some more  
Tell them boys "Yeah, we climbin'" {We climbin'}  
To my people  
Who know about strugglin'  
Tryna get somethin' -- {Yup} Cuz we came up for  
nothin' {For nothin'}  
What you in a rush for?  
It's all about timin'  
As soon as you're on -- You know the limit's the sky  
{You know the limit's the sky}

[Chorus]

They say the game done changed, man there's just  
some new players in it  
And they don't wanna see my team get up there and  
win it  
Try to keep me still, but look where I'm at now  
I made it too far to look back down  
But I ain't never ever gone forget what I been told  
And I ain't never ever going back to being broke  
Cause, F-Y-I  
I stay on my grind {grind}  
Tryna stop my shine,  
That day'll be never, ever
