[Verse1:]

okaay

And they say don't say it less you mean it

Back when i was young i say i will be the one

People say they couldn't see it

But on the other hand

there was some sayin i be this

Nigga on top as soon as you say im defeated

T-Pain, they sayin i couldn't believe it

Funny cause they say the same thing when they see me

The way i spit you would say i was bulimic

And this beat so hard

I had to say i did a remix

Niggas hate they don't say it but they think it

When you lame i cant hear what you sayin when you speakin

Another plane my mother sayin get some sleep in

I can't i'm livin what others sayin they dream is

Now the hoes sayin im conceited

Cause they wanna give me brains

And i say i don't need it

I'm gettin paid and payin so much attention

To what these radios playin and sayin to me ends

I aint sayin i'm that deep in

But i'm sayin i got my feet in

In a year they gon say i'm Michael Phelps

And you gon think to yourself

Before you jump into the deep end

It was said that my city was sleepin

Outta state i had to say what that P meant

"I put on" like Kan said on that Jeezy

Come to where i live the kids say i'm like He-Man

Doin everything that you say i cant

Not a stroke of luck player

You can say I plan

Tired of sayin shit to make these niggas understand

So i'll be everything that you say i am

Very strange, yes

You niggas too plain, I'm a Taylor Gang Jet

And my lames left

I talk money so i save breath

And niggas say that i'm lucky

I say that i'm blessed

[break:::]

[Verse 2:]

Hundreds on the mattress

Twenties on the floor

Kids wit dirty handguns posted by the door

When i was 14 they used to send me to the store

To bring back blunts, now i'm the one thats rollin up

Speakers bump, iPhone plug-in for my truck

E-Knievel, showin ya niggas how to stunt

I mess up flows like waves and potholes

West Coast i fuck hoes and eat Roscoes

Got gold wit diamonds in it

All the finest linen

Versace, my city tryin lock me hahaha

[thats my Biggie flow right there, i dunno if yall caught that.

That's that Biggie flow though]
