I'mma smoke a trippy stick on this one
Hash oil

Roll a joint, roll another one
When it's all said and done
I'll be at the top bitch
Cause I hustle a lot
Them cars, been pulling em off the lot
Don't even test drive it before I cop
Just ordered a yacht
We're at the craps table in Vegas
The dealer saying how he admiring my watch
I'm placing my wager
No need to care about how much paper I blow
Cause I been getting this money and stay on
A couple things that I know
I'm blowing this stink by the O
My weed so strong I swear to god you would think it's
cologne
I go anywhere in the world and just make it my home
Staying at the highest level but I didn't make it alone
Now that my money right them suckers keep thinking
I'm wrong
But I'm just switching lanes, foot off the brake and I'm
gone
If you ain't talking money homie, you can't get a call
Cause this a muthafuckin life that you can't live at all
I'm getting high while I drive, I ain't thinking of y'all

[Hook]

I just wanna ride in my ride with my top down
And smoke weed with my niggas

Still rolling weed on my XXL
Only different is that's me on the cover
Once in a while call my little sister and tell her I love her
Cause she can get crazy in this industry
All your friends become your enemies
That's why I stay down with the ones that's still with me
The niggas who started and they down ? the end with
me
Make sure the positive energy be flowing

All the weed keep rolling
All of us keep getting high, the sky
We gonna keep from falling
Niggas keep hating, but baby I'mma keep ballin
Now I'm buying a steak on
On private island vacations
Flying on private planes
I'm cool with the pilot, he let me roll something
Put on a movie, let my girl watch it
Ask my dealer how I look, that Ferrari option
Just an everyday life, when you young and bossin'

[Hook]

I just wanna ride in my ride with my top down
And smoke weed with my niggas
