If you love me, like you say you do
Baby be true to me
If you love me, like you say you do
Baby never stray from me
I want you darling, ever by my side
Baby now can't you see
Oh baby I'm sorry, oh baby I'm sorry
For all the wrong I've done
For all the wrong I've done
Oh baby I'm sorry, oh baby I'm sorry
For all the wrong I've done
For all the wrong I've done
Say you'll forgive me
I know I've done you mighty wrong

[Chorus]

Oh baby I'm sorry, oh baby I'm sorry
For all the wrong I've done
For all the wrong I've done
Oh baby I'm sorry, oh baby I'm sorry
For all the wrong I've done
For all the wrong I've done
Say you'll forgive me
I know I've done you mighty wrong

If you want me, ever by your side
You gotta be true to me
If you want me, ever by your side
You gotta stay home with me
Don't want no other man to look at you
Baby, now can't you see

[Chorus]
