I was all just a dream, oh no
The worst it was real
All my pets they were there and they smiled
Take a shit - it was fine
Everybody's so inviting
They've got it in for me I know
It's not that I don't really love you
It's just that I don't really know
The hateful things you think you want to say
Time will turn them into jokes...

Yes, it was all just a dream, oh no
Was it real? I don't know.
I hope so...

Here we go! Can I play? Can I watch?
He would like one more night in your life
I saw worlds they don't stop, they're like us
It go fast like a sun that's been shot
Everybody at the party
shouldn't worry if I'm there
Everybody at the party
shouldnt worry what they wear
Cause today they'll talk about us,
And tomorrow they won't care
This whole life is it a dream? I can't tell
I got up, then I waved, then I fell
I recall, you were all there with me;
Overjoyed and at peace

First time around
Second take so long
Third time's a charm
Circle of fourths
Five days to rehearse
Six to make it work
Seven notes in a scale
Eight in some countries
Nine in fancy keys
Ten years we've been friends
Eleven seconds to hell

And of course, twelve major chords
