So many fish there in the sea  
I wanted you, you wanted me  
That's just a phase, it's got to pass  
I was a train moving too fast

Didn't understand what is to see  
Yeah, then I got a different view  
It's you now

Wait, I'm not gonna give it a break  
I'm not your friend, I never was  
I said, wait, I'm not gonna give it a break  
I'm not your friend, I never was, no

So many fish there in the sea  
She wanted him, he wanted me  
That's just a phase, it's got to pass  
I was a train moving too fast

Yeah, I know your want  
But this is too important  
And now I got a different view  
Is you

Why can't you wait? I'm not gonna give it a break  
I'm not your friend, I never was  
I said you, wait, I'm not gonna give it a break  
I'm not your friend, I never was
