How did anybody find out where i was?  
How did anybody find that out ?  
I was hiding from the world, i was a squirrel.  
You chopped down my tree to get my fur.  
Fear of sleep...  
You're no fun.  
Fear of the unknown.

I guess everybody's week must have been pretty  
rough,  
Cause everybody's drunk, loud, and pissed off.  
I know you hate to be impressed with someone else  
(other than yourself),  
But you know, trying to hold back on being an asshole  
helps.  
Fear of sleep...  
You're no fun.
