Ten decisions shape your life
You'll beware of five about
Seven ways to go through school
Either your noticed or left out
Seven ways to get ahead
Seven reasons to drop out

And I said I can see me in your eyes
You said I can see you in my path
That's not just friendship that's romance to
You like music we can dance to

Sit me down
Shut me up
I'll come down
And I get along with you

There is a time when we all fail
Some people take it pretty well
Some take it all out on themselves
Some they just take it out on friends
Oh everybody plays the game
And if you don't your called insane

Don't don't don't don't its not safe no more
I got to see you one more time
Since you were born in 1984

Sit me down
Shut me up
I'll come down
And I get along with you

Everybody was well dressed
And everybody was a mess
Six things without failure you must do
So that your woman loves just you
Oh all the girls played mental games
And all the guys were dressed the same

Why not try it all

If you only remember it once

Sit me down

Shut me up

I'll come down

And I get along with you

Okay, one more time
