im tired of the lost so left alone
surrounded by the souls ive grown
arriving just in time to see the earth destroyed, yeah
i said drag me there, or just take me home

see i dont mod rock
someday or never
but i just keep rolling, rolling

protected by the saints in all 50 states
American minds destined to be great
i'm from around here so i should know, yeah,i said
yeah
i said drag me home or just, take me home

i said im waiting oh just say my darling
rolling, rolling

i said yeah
(inaudible)

im tired of the lost so left alone
surrounded by the souls ive thrown
arriving just in time to see the earth destroyed, yeah
i said drag me there, or just, just take me home

cause i'm leaving
and im rolling, rolling
