Happiness is 2 different kinds,  
one you shake up, then one who screws  
one ? one is a ?  
one before ? one's just a wait

Inside ?  
...Let the soul, go up so high  
...and the one who ?.

...to take it from with my love  
one's an instant, one takes some will  
one you laugh and one that you go

what the ? for,

Inside ?  
...Let the soul, go up so high  
...and the one who ?.  
Inside ?  
...Let the soul, go up so high  
...and the one who ?.
