Outside the sun is shining kids are making noise
Dani called and told me there's a party down at Kai's

Theres' a little work to do it can be done tomorrow
I grab my keys, my leather and I'm out of trouble and
sorrow

I'm sitting in my car My stereo is puking
don't care 'bout anything don't wanna live forever

I'm cruising- aha aha I'm only cruising- it's fun to waste
mt gas
I'm cruising- aha aha maybe I'm losing- I don't care
cause I am only cruising

I hit a few red lights and sometimes I'm too fast
Then there's something tries to stop my fun I'm out of
gas

Ain't no big thing today somehow I got some money

And after I filled up

I remember I should have payed the phone

I'm sitting in my car My stereo is puking
don't care 'bout anything don't wanna live forever

I'm cruising- aha aha I'm only cruising- it's fun to waste
mt gas
I'm cruising- aha aha maybe I'm losing- I don't care
cause I am only cruising

I'm sitting in my car My stereo is puking
don't care 'bout anything don't wanna live forever

I'm cruising- aha aha I'm only cruising- it's fun to waste
mt gas
I'm cruising- aha aha maybe I'm losing- I don't care
cause I am only cruising
