I woak up in the morning, by the ringing of the  
telephone. And everything she said to me was 'baby  
please come home'! It took a while to realize that I was  
only dreaming 'cause she died some days ago and  
nothing's like it seems

Memories inside my head, the sun is shining  
bright seems like I loose the will to live, just wanna  
catch the light...

It's a nice day to die today

I close my eyes and I can feel you standing right  
beside me but when I open up my eyes there's nothing  
like it used to be

I know the only way for me is going to the other side the  
place where evil turns to good, and darkness turns to  
light

Memories....
