I wook up in the morning, by the ringing of the
telephone.
And everything she said to me was 'baby please come
home'!
It took a while to realize that I was only dreaming
'cause she died some days ago and nothing's like it
seems

Memories inside my head, the sun is shining bright
seems like I loose the will to live, just wanna catch the
light...

It's a nice day to die today

I close my eyes and I can feel you standing right
beside me
but when I open up my eyes there's nothing like it used
to be
I know the only way for me is going to the other side
the place where evil turns to good, and darkness turns
to light

Memories....
