I'm sitting alone by my window at home  
see the sun shining bright but I can't get no light  
oh it hurts me so strong,  
tell me why things went wrong  
tell me why must this be,  
why did this happen to me ooh ohh

I know that you're dead but I won't realize  
I know you were fat, you were all oversized  
You've been mean all the time, so I had to kill you  
after that I felt fine but now I'm missing you ah uh  
please tell me

What else can I do -  
just waiting for you  
make my dreams all come true -  
I'm waiting for you

What else can I do -  
just waiting for you  
make my dreams all come true -  
I'm waiting for you

I know that you're dead but I won't realize  
I know you were fat, you were all oversized  
You've been mean all the time, so I had to kill you  
after that I felt fine but now I'm missing you ah uh  
please tell me  
What else can I do -  
just waiting for you  
make my dreams all come true -

Will she ever come back, six feet under she lies  
Can she dig herself out,  
can she find her way home to me...

What else can I do -  
just waiting for you  
maka my dreams all come true -  
I'm waiting for you

What else can I do -

just waiting for you  
maka my dreams all come true -  
Just waiting for you

Shanananana - I'm sitting alone, just waiting for you...  
Shanananana - by my window at home, just waiting for  
you...  
Shanananana - see the sun shining bright, just waiting  
for you...  
Shanananana - but I can't get no light, just waiting for  
you...

Shanananana - just waiting for you...
