So much writing on the walls, can you read it all  
Can you see through the haze when the writing's small?  
Can you read what it means does it make any sense?  
'Cause it's all dollar bills and pounds and pence  
Telling you what to do and what pills to take  
When your head's in your hands and your belly aches  
Where to go in the world when you need a change  
Don't you worry about the bill, that can be arranged.

Make me sad, make me sleep, make me question,

Give me things that can calm this depression (x2)

Let me know what to do when my money's spent  
Let me know how to smell and to pay the rent  
Let me know what to do when my hair is gone  
Let me know who to kill when the war is on  
There's a woman of your dreams and she's all on the phone  
Better send her a text when you're on your own

Make me sad, make me sleep, make me question,

Give me things that can calm this depression (x3)

So much writing on the walls so much writing on the walls so much writing on the  
walls

(Obey)

Feel, trust, obey !

Sing along sing along sing along sing it

You know that they can't harm you.  
You know that they can't hurt you.  
Don't want their dreams to waste me.  
Don't want their dreams to save me.

High rises  
Killing lows
