'Cause I'm a fool
A fool for you
I seem to want
Everything that you do

I don't know
I procrastinate
'Cause I hate those days
That about me

It's never sure
It's never pure
It always hurts
So climb out

It's never sure
It's never pure
It always hurts
So climb out, climb out
It always hurts

Tell me why
Did you fall
Over me?

I let my heart implode
I let my heart
My heart implode
I let my fate go

It's never sure
It's never pure
It always hurts
So climb out

It's never sure
It's never pure
It always hurts

Climb, climb out, climb out
Climb out, climb out, climb out

It's never sure
It's never pure
It always hurts

It's never sure
It's never pure
It always hurts

It's never sure
It's never pure
It always hurts

It's never sure
It's never pure
It always hurts
