### "My Noteless Blues"

Yesterday it was so clear  
Usual routine of life  
In vino veritas  
Who's gonna loose?  
Blood counts the time  
Of my noteless blues

Tomorrow it has to be different  
It's obvious but so sudden...  
Head's getting heavy  
It's good news  
Heart beats the rhythm  
Of my noteless blues

Marionette is who I am  
Driven by hand as if I'm blind  
Predestination is term of real question  
They've set figures and chosen the side for me

"Oh chosen one come with me,  
And you fulfil your destiny"  
But I'm scared 'cause I can't see  
Blindfolded like sheep before the slaughter

Dreams of the past are now coming true  
They are so close touch them by hand  
I don't know anything about this battle  
Who is my enemy who's friend

"Chosen one come with me"  
It smells like a trap  
They promised to set me free  
But can I trust them  
The stakes are too high

It is so close and real ? my land of the free  
I believe my heart will be there  
The doors are closed  
My purpose is the key  
Can I go back ? I don't care  
Walking though dreams

Where the freedom lives  
How I wished to be there  
But now I'm afraid to be wrong  
Who am I in this game  
A Queen or a pawn?
