Please don't run
I didn't mean to spoil your fun
Don't run away

Oh darling
I wanna spoil your death
Oh darling
Please don't go away

I don't want to make you cry
I didn't want to make you die
I hate to see, to see a cry

Oh darling
You don't have to change
Oh darling

Please don't run away

Please don't run away
Please don't run away

Oh darling
I don't wanna spoil your death
Oh darling
Please don't run away
Oh darling
I don't wanna spoil your death
Oh darling
I don't wanna spoil your death
Oh darling
Please don't go away
