"Well Known Sinner"

First you like to talk
Then you like to come around
Then you like to walk
Then you wanna get down
There's free as a bird
There's something I've heard

Then you light a cigarette
Then you tell me no regrets
You never had a better then
You really know your work
Then you light a cigarette
Then you give your work

You forgot, I really like to think
You forgot, I really like to think
You forgot, I really like to think
You forgot, I always will investigate

Yeah yeah yeah yeah
You're a well known sinner
Yeah yeah yeah yeah
I always try and appreciate
Yeah yeah yeah yeah
Before I follow you down

Yeah yeah yeah yeah
Yeah yeah yeah yeah
Yeah yeah yeah yeah
Yeah yeah yeah yeah

You're a well known sinner
You're a well known sinner
Well known sinner
